

City of Southside Place

Crime Prevention is a "tool" developed from the community policing concept where local citizens work with their local law enforcement agency to fight crime on a regular basis. Studies show those communities who are actively involved with their local police departments have much lower crime rates compared to those communities which are not actively involved.

Southside Place Police Department is committed in providing the best possible police service in making the city of Southside Place one of the safest communities in the State of Texas.

*Residential and Informal
Commercial Security
Inspections are conducted by
appointment only!!*

Formal Commercial Security Inspections (detailed security analysis) are available, please contact Southside Place Police Department for more details.

You can contact Officer Davis at (713) 668-2341 or email him directly at leon@southside-place.org to schedule an inspection.

NOTE: ALL INSPECTIONS ARE BASED ON AVAILABILITY FROM PRIORITY DUTIES, AND APPROVAL FROM THE CHIEF OF POLICE.
